Good Grief

I am obsessed
And I just can't let it go
But I'm fine
Most of the time
When I don't think about you
But anytime you creep
Slowly back into my head
My eyes begin to water
And I wonder
If I haven't handled it the way I should
But they say there's no right way to grieve
Though I really need an answer
And confusion doesn't feel so great

I just feel like
Nothings changed at all
Your still gone
And I've been living
But I feel just like I did
Right when it happened
Time passes slowly
The world changes around me
But I am obsessed with your death
And I don't know where
Grieving will take me
But right now I'm stuck
